## *School Council*

*In September and October we spoke a lot about how people's focussed and positive behaviour makes a big difference to their learning as well as making us all feel good.*

*Every class is now enjoying Golden Time each week and our School Council organised a vote in their class to select some new toys and games to play with. We had to meet with Mrs Kidd first to check we had enough money in the budget!*

# *Greenslade Primary School School Council*

*In November and December we met several times with our wonderful cook Grace. We looked at the Greenwich School Dinner Menu. Grace explained that over a two week period all of the food has to be healthy and balanced in terms of its nutritional values.*

*Our School Council consulted with the children in their class and we chose some more popular meals and swopped things round on the menu.*

# *Greenslade Primary School School Council*

*In January and February our whole school assemblies are about looking after our “wonderful world” . The school council met with Mr Jay our Premises Manager. He explained how our recycling bins are emptied. Our “eco friendly” councillors have made some changes to help us to recycle. We have bought some new recycling bins for the playground and moved our class bins in our rooms so they get used more.*
